- **Hourly rate at \$14**
- Does not include Benefits and Paid Time Off

#### **Job Requirements:**

- Must be 18 or older
- Must speak English
- Minimum high school diploma or GED (Associate of Arts degree preferred, but not required)
- Previous experience working with children and young adults
- Previous knowledge of Applied Behavioral Analysis preferred but not required.

#### **Our Mission**

South Florida Autism Center is committed to serving the entire demographic of individuals diagnosed with autism spectrum disorders (ASD) residing in South Florida with opportunities that address all their needs on one campus offering early intervention, educational, community outreach, respite, recreational and vocational services. Programs are implemented utilizing science-based methodologies that can be replicated and serve as a model for autism intervention.
